

President- Ahmad Mitoubssi

As the president, I coordinated events, meetings, and arranged announcements to the public health department. I set the agenda and officiated each meeting. I led the GSA meetings and delegated tasks amongst board members. I was the main point of contact for PHGSA between faculty and students. While each board member had a title, we worked as a team to accomplish each task and provide feedback. I had to arrange for prices of events and coordinated the spirit wear orders. Apart from delegations, I provided feedback and assisted the board members wherever they need. PHGSA summary activities included the beginning of the year mixer, orientation, PHGSA Zoom Welcome Meeting & Hang Out, COMPs study sessions, October pumpkin event, and spirit orders.

Vice President-Zhanna Cummings

- Perform any/all the duties of the President in his/her absence.
- Appoint additional committee members.
- Determine priorities and coordinate events for the PHGSA through a majority vote with all members of the Executive Committee.

Secretary- Kayla Simon

I am the Secretary, so I take notes during all our PHGSA meetings. After each meeting copy of the notes was sent out to the committee members as well as any action items to all members and sometimes follow up on action items as needed. I helped Sierra design the posters and flyers that we use on social media and in the department (when we were physically present). When we were physically present, I would also help the VP with event planning as she needed it. I guess I kind of float and help people when they need it.

Treasurer- Samira Tamimi

As treasurer, I attended meetings and provided input on flyers, event coordination, and membership recruitment as well as retention. I worked closely with the Student Organization Business Office to ensure that planned events were taken care of financially. Additionally, I worked on the spirit wear order coordination. I handled student payments, deposits to the PHGSA account, as well as mailing the check to the printing company for the spirit wear. Once orders arrived, I handled the distribution of the spirit wear. My experience as treasurer of PHGSA was very interesting and unique but also a great opportunity to work collaboratively with my peers.

Philanthropist -Sierra Turner

The philanthropy chair is the person in charge of promoting the mission of PHGSA through a philanthropic lens. The main things this chair is required to do are plan fundraising events, plan volunteer or service opportunities for the philanthropy and PHGSA as a whole, track the associations involvement in the community. Being a philanthropy chair in PHGSA requires creativity, organization, and motivation. The most important thing to keep in mind when you are organizing philanthropy activities is that you are helping raise money and awareness of PHGSA! In 2020, the philanthropy chair inspired PHGSA's pumpkin painting event in the Fall Semester.
