MENTOR AGREEMENT FORM

Thank you for agreeing to mentor a Tennessee aspiring educational leader through the UT Online Leadership Studies program. As standards and the demands for excellence in leadership increase, the role of the mentor has become even more critical in the preparation of the next generation of educational leaders. We are honored that you agreed to take on this responsibility.

Mentor Agreement

I agree to function as the mentor for _____ if they are accepted into the Online Leadership Studies program. I understand that the Online Leadership Studies program places a great deal of emphasis on field experiences which are coordinated directly with student coursework and that the internship works best for the student if all parties, the intern, the mentor, and the UTK facilitator work closely together and are comfortable with the expectations for the experience.
