

Funded by a grant from the National Science Foundation, the NOYCE Scholarship grant, and the National Institute for Mathematical and Biological Synthesis, this lecture and workshop series serves to support the VolsTeach program at the University of Tennessee, Knoxville

2014 STEM Lecture Series: Synergy in STEM: Math & the Sciences

Lecture I – “Modeling Across the Curriculum”

Wednesday, February 19, 2014
5:30 – 6:30pm
122 Greve Hall, University of Tennessee

Suzanne Lenhart – Chancellor’s Professor in Mathematics and Associate Director for Education and Outreach at the National Institute for Mathematical and Biological Synthesis University of Tennessee, Knoxville

Suzanne has also worked as a part-time researcher at Oak Ridge National Laboratory for many years. She received fellow awards of AAAS, SIAM and AMS. She has been involved with outreach activities in middle and high schools in this area for the last 15 years (with activities almost weekly). Suzanne has teacher certification at the high school level. She has been involved with education and outreach activities on a national level continuing her work as a past President of the Association for Women in Mathematics.
