Juneteenth

In 1865, two and a half years after the signing of the Emancipation Proclamation, federal troops arrived in Galveston, Texas to ensure the freedom of all enslaved people. While Confederate General Robert E. Lee surrendered two months earlier in Virginia effectively ending the Civil War, the practice of slavery remained in Texas until United States (U.S.) General Gordon Granger arrived to signal the freedom of 250,000 enslaved persons. First celebrated in 1866, Juneteenth, also known as June Nineteenth, commemorates the end of slavery in the U.S. as the longest-running African American holidays.
